INTERNSHIP

Epac polymers

06/2019 - 08/2019

Greater Noida

Thermocol Manufacturer

Responsibility

- On Job trainee in Maintenance Department

VOCATIONAL TRAINING

Bharat Heavy Electricals Limited (BHEL)

01/2019 - 02/2019

Haridwar

Responsibility

- trainee

SKILLS

ARAMIS-DT

F1 and F2 Conditioning Design

AOTX

WALDO

AutoCAD

Solidworks

MS WORD

MS POWERPOINT

3D Printing

Carveco maker plus

PROJECTS

faulty product detection and separation system
(2019 - 2020)

- The system uses a pneumatic cylinder mechanism using valves to separate the faulty product over the belt.

line following robot

- An autonomous robot which follows either black line in white or white line in black area.

CERTIFICATES

Certificate of completion of 40hrs course required for AutoCAD 2D. (08/2017 - 09/2017)

Certificate of completion of 60hrs course required for Solid-works 3D incldyng motions. (03/2018 - 04/2018)

ADDITIONAL SKILLS

Time management

Team work and Responsibility

LANGUAGES

English

Professional Working Proficiency

Hindi

Native or Bilingual Proficiency

HOBBIES

Sports-Vollyball

listening music

Travelling

Spending free time with friends
